

## P2 GOLD INC.

### MANAGEMENT INFORMATION CIRCULAR

(containing information as at March 24, 2022 unless otherwise stated)

This Management Information Circular (“**Information Circular**”) is furnished by the management of **P2 Gold Inc.** (“**P2 Gold**” or the “**Company**”) in connection with the solicitation of proxies to be voted at the annual general and special meeting of the shareholders (“**Shareholders**”) of the Company (the “**Meeting**”) to be held at Suite 1100, 355 Burrard Street, Vancouver, British Columbia on May 12, 2022, at 2:00 p.m. PT. References in this Information Circular to the Meeting include any adjournment or adjournments thereof.

**Due to the novel coronavirus (“COVID-19”) pandemic and given the restrictions on public gatherings and in the best interest of the health of all participants in the Company’s Meeting, the Company respectfully asks that Shareholders do not attend the Meeting in person. The Company requests that Shareholders who wish to participate by listening to the Meeting, contact the Company by May 10, 2022 at [info@p2gold.com](mailto:info@p2gold.com) to be included in the telephone conference for the Meeting. The Company will arrange for telephone participation for all Shareholders who have requested it by May 10, 2022. However, the Company strongly recommends that Shareholders vote by Proxy or voting instruction form (“VIF”) in advance to ease the voting tabulation at the Meeting by Computershare Investor Services Inc. (“Computershare”).**

### SOLICITATION OF PROXIES

The Company will bear its own cost of soliciting proxies. Proxies may be solicited by mail and the directors, officers and regular employees of the Company may solicit proxies personally, by telephone or facsimile. None of these individuals will receive any extra compensation for such efforts.

### NOTICE AND ACCESS PROCESS

The Company has adopted the notice and access model (“**Notice and Access**”) provided for under National Instrument 54-101 – *Communication with Beneficial Owners of Securities of a Reporting Issuer* (“**NI 54-101**”) for the delivery of the Notice of Meeting, Information Circular, financial statements and management’s discussion and analysis for the year ended December 31, 2021 (collectively, the “**Meeting Materials**”) to Shareholders for the Meeting. The Company has adopted this alternative means of delivery in order to reduce the volume of materials that must be physically mailed to Shareholders and to reduce its printing and mailing costs. Under Notice and Access, instead of receiving printed copies of the Meeting Materials, Shareholders receive a Notice and Access notification containing the Meeting date, location and purpose, as well as information on how they can access the Meeting Materials electronically. The Meeting Materials are available on the Company’s website at [www.p2gold.com/investors/agm-materials](http://www.p2gold.com/investors/agm-materials) and under the Company’s profile on the System for Electronic Document Analysis and Retrieval (“**SEDAR**”) at [www.sedar.com](http://www.sedar.com).

Shareholders who receive a Notice and Access notification can request that printed copies of the Meeting Materials be sent to them by postal delivery at no cost to them up to one year from the date of the filing of this Information Circular on SEDAR. Shareholders with questions about the Notice and Access system, or who would like to request printed copies of the Meeting Materials, should contact the Company's Corporate Secretary by telephone at 778-731-1062 or email at [info@p2gold.com](mailto:info@p2gold.com). A request for printed copies which are required in advance of the Meeting should be made no later than May 1, 2022 in order to allow sufficient time for mailing.

## **APPOINTMENT AND REVOCABILITY OF PROXIES**

### ***Voting***

Voting at the Meeting will be by a show of hands, each registered shareholder and each Proxyholder (representing a registered or unregistered shareholder) having one vote, unless a ballot is required or requested whereupon each such shareholder and Proxyholder is entitled to one vote for each common share of the Company (a "**Common Share**") held or represented, respectively. Generally, in order to approve a motion proposed at the Meeting a majority of greater than 50% of the votes cast thereon in person or by Proxy will be required.

### ***Registered Shareholders***

Registered Shareholders who are eligible to vote, can vote their shares at the Meeting or by Proxy. Voting by Proxy is the easiest way for Registered Shareholders to cast their vote.

The persons named in the accompanying Proxy as Proxyholders are directors and/or officers of the Company. A shareholder has the right to appoint a person (who need not be a shareholder) to represent the shareholder at the Meeting other than the persons named in the accompanying Proxy as Proxyholders. To exercise this right, the shareholder must insert the name of the shareholder's nominee in the space provided in the accompanying Proxy or complete another appropriate form of Proxy permitted by law, and in either case send or deliver the completed Proxy to our transfer agent, **Computershare** as follows:

1. By mail or by hand to: Computershare, 8th Floor, 100 University Avenue, Toronto, Ontario, Canada M5J 2Y1; or
2. By fax to: 416-263-9524 or 1-866-249-7775.

Alternatively, a shareholder can exercise their Proxy as follows:

3. By internet at: [www.investorvote.com](http://www.investorvote.com); or
4. By telephone at: 1-866-732-8683 (toll free). Please note that a shareholder cannot appoint anyone other than the directors and/or officers named on the Proxy form as their Proxyholders if the shareholder votes by telephone.

You will need your 15-digit control number found on your Proxy form to vote through the internet or by telephone.

In order to be valid and acted upon at the Meeting, the forms of Proxy as well as votes by internet and telephone must be received in each case not less than 48 hours (excluding weekends and holidays) before the time set for the holding of the Meeting or any adjournment or postponement thereof.

A shareholder completing the enclosed Proxy may indicate the manner in which the persons named in the Proxy are to vote with respect to any matter by marking an "X" in the appropriate space. On any poll required or requested, those persons will vote or withhold from voting the Common Shares in respect of which they are appointed in accordance with the directions, if any, given in the Proxy, provided such directions are certain.

If a shareholder wishes to confer a discretionary authority with respect to any matter, then the space should be left blank. In such instance, the Proxyholder, if nominated by management, intends to vote the Common Shares represented by the Proxy in favour of the motion.

The enclosed Proxy, when properly signed, confers discretionary authority with respect to amendments or variations to the matters identified in the Notice of Meeting and with respect to other matters which may be properly brought before the Meeting.

Any shareholder who executes and returns a Proxy may revoke it:

- (a) by depositing a written instrument signed by the shareholder or his, her or its attorney authorized in writing at Computershare, 8th Floor, 100 University Avenue, Toronto, Ontario, Canada M5J 2Y1, Attention: Proxy Department, at any time up to 5:00pm (Toronto time) on May 10, 2021 or 48 hours prior to the time of any adjournment thereof (excluding Saturdays, Sundays and holidays);
- (b) by depositing such written instrument with the Chair of the Meeting on the day of the Meeting or any adjournment thereof at any time prior to a vote being taken in reliance on such Proxy; or
- (c) in any other manner permitted by law.

**To be voted, proxies must be received by Computershare at any time prior to 2:00 p.m. PT on May 10, 2022 or 48 hours prior to the time of any adjournments of the Meeting (excluding Saturdays, Sundays and holidays).**

The Common Shares represented by the Proxy will be voted or withheld from voting in accordance with the instructions of the registered shareholder on any ballot that may be called for and that, if the registered shareholder specifies a choice with respect to any matter to be acted upon, the Common Shares will be voted accordingly.

### ***Non-Registered Shareholders***

One of the objectives of NI 54-101 is to assist non-registered shareholders to direct the voting of Common Shares that they own but are not registered in their names.

Your Common Shares may not be registered in your name but in the name of an intermediary (which is usually a bank, trust company, securities dealer or broker, or a clearing agency in which an intermediary participates). If your Common Shares are registered in the name of an intermediary, you are a non-registered shareholder.

In accordance with NI 54-101, the Company has distributed copies of this Information Circular, the accompanying form of Proxy and Notice of Meeting, to intermediaries for distribution to non-registered shareholders. Unless you have waived your rights to receive these Proxy materials, intermediaries are required to deliver them to you as a non-registered shareholder of the Company and to seek your instructions as to how to vote your Common Shares.

Typically, a non-registered shareholder will be given a voting instruction form, which must be completed and signed by the non-registered shareholder in accordance with the instructions provided by the intermediary. In this case, you must follow these instructions and you cannot use the mechanisms described under the heading “Registered Shareholders” above.

Occasionally, a non-registered shareholder may be given a Proxy that has already been signed by the intermediary. This form of Proxy is restricted to the number of Common Shares owned by the non-registered shareholder but is otherwise not completed. This form of Proxy does not need to be signed by you. In this case, you can complete and deliver the Proxy as described above under the heading “Registered Shareholders”.

If a non-registered shareholder receives either a form of Proxy or a voting instruction form and wishes to attend and vote at the Meeting in person (or have another person attend and vote on their behalf), the non-registered shareholder should strike out the persons named in the form of Proxy as the Proxy holder and insert the non-registered shareholder's (or such other person's) name in the blank space provided or, in the case of a voting instruction form, follow the corresponding instructions provided by the intermediary.

A non-registered shareholder may revoke a voting instruction or a waiver of the right to receive Proxy materials and to vote given to an intermediary at any time by written notice to the intermediary, except that an intermediary is not required to act on a revocation of a voting instruction form or of a waiver of the right to receive materials and to vote that is not received by the intermediary at least seven days prior to the Meeting.

Non-registered shareholders should follow the instructions on the forms they receive and contact their intermediaries promptly if they need assistance.

These securityholder materials are being sent to both registered and non-registered owners of the securities. If you are a non-registered owner, and you have received these materials, your name, address and information about your holdings of securities, have been obtained in accordance with applicable securities regulatory requirements from the intermediary holding on your behalf. Please return your voting instructions as specified in the request for voting instructions.

### **EXERCISE OF DISCRETION BY PROXIES**

If a ballot is required (for the reason described above under “Voting”) or called for by a shareholder or Proxyholder, all properly executed proxies, not previously revoked, will be voted in accordance with the instructions contained therein. If a shareholder wishes to confer a discretionary authority with respect to any matter, then the voting space respecting that matter should be left blank. In such instance, the Proxyholder, if nominated by management, intends to vote the Common Shares represented by the Proxy in favour of the passing of all the matters specified in the accompanying form of Proxy. If any other matter is brought before the Meeting, which is not presently anticipated, and is submitted to a vote by a ballot the Proxy will be voted in accordance with the judgment of the

persons named therein. The Proxy also confers discretionary authority in respect of amendments to or variations in all matters that may properly come before the Meeting.

Proxies returned by intermediaries as “non-votes” because the intermediary has not received instructions from the non-registered shareholder with respect to the voting of certain Common Shares or, under applicable stock exchange or other rules, does not have the discretion to vote those Common Shares on one or more of the matters that come before the Meeting, will be treated as not entitled to vote on any such matter and will not be counted as having been voted in respect of any such matter. Common Shares represented by such intermediary “non-votes” will, however, be counted in determining whether there is a quorum.

### RECORD DATE

The directors have fixed March 24, 2022 as the record date for the determination of shareholders entitled to receive notice of the Meeting. Accordingly, only shareholders of record on such date are entitled to vote at the Meeting.

### INTEREST OF CERTAIN PERSONS OR COMPANIES IN MATTERS TO BE ACTED UPON

None of the directors or executive officers of the Company, any person who has held such a position since the beginning of the last completed financial year of the Company, any proposed nominee for election as a director of the Company nor any associate or affiliate of the foregoing persons, has any material interest, directly or indirectly, by way of beneficial ownership of securities or otherwise, in any matter to be acted on at the Meeting (other than the election of directors and the ratification and approval of the Option Plan (as defined below)). See “Particulars of Matters to be Acted Upon at the Meeting”.

## ***Compensation Discussion and Analysis***

### Overview and Compensation Governance

The Company’s compensation practices are designed to retain, motivate and reward its executive officers and directors for their performance and contribution to the Company’s long-term success. The Board makes decisions regarding executive and director compensation based on recommendations from the Compensation Committee. The Board seeks to compensate the Company’s executive officers and directors by combining short and long-term cash and equity incentives. It also seeks to reward the achievement of corporate and individual performance objectives and to align executive officers’ and directors’ incentives with shareholder value creation. The Board strives to tie individual goals to the area of the executive officer’s primary responsibility. These goals may include the achievement of specific financial or business development goals. The Board may also set corporate performance goals that reach across all business areas and include achievements in finance/business development and corporate development.

In assessing the compensation of its executive officers and directors, the Company does not use formal objectives, criteria or analysis. Instead, it relies mainly on discussions between the Compensation Committee and the Board. Meetings of the Compensation Committee are held periodically, but in any case, at least annually, to review compensation policies and to consider the overall compensation to be paid by the Company to its employees, executive officers and directors. Following review of data and discussion by members of the Compensation Committee, the Compensation Committee makes recommendations to the Board. In making compensation recommendations, the Compensation Committee considers each executive’s and director’s performance and other relevant factors, including the scope of their respective positions and responsibilities, the achievement of corporate goals, the current business environment and anticipated changes, and executive and director retention and recruitment considerations.

## Compensation Components

The Company's compensation consists primarily of four elements: base salary, short term incentive, long-term equity incentives and non-cash compensation. Each element of compensation is described below in more detail.

### Base Salary

Annual base salary is considered in the context of the total compensation package. The Company must be competitive within the marketplace where it competes for talent. Salary reviews will occur on an annual basis and base salary may be adjusted based on an individual's evaluated performance as assessed by the Compensation and Corporate Governance Committee in discussion with the President and CEO. As competition for skilled executive officers is intense, we expect that base salaries for additional executive officers will be determined by the marketplace. Base salaries are to be reviewed annually and increased for merit reasons, based on board discussion without any formal objectives, criteria and analysis.

### Short Term Incentive

The objective of the Company's short term incentive program is to motivate its executive officers to achieve, and reward their achievement of, the Company's annual goals and objectives. The program relies on the assessment of an individual's performance by the President and CEO in light of the individual's responsibilities. Short term assessment awards will be determined by discussion amongst the Compensation and Corporate Governance Committee in consultation with the Company's President and CEO without formal objectives, criteria or analysis.

### Long-Term Equity Incentives

The Company believes that equity-based awards allow it to reward executive officers for their sustained contributions to the Company. The Company also believes that equity awards reward continued employment by an executive officer, with an associated benefit to the Company of employee continuity and retention. In addition, Board believes that equity awards provide management with a strong link to long-term corporate performance and the creation of shareholder value. As a result, the Board has implemented the Option Plan to allow the Company the opportunity to grant Options (as defined below). See "Securities Authorized for Issuance Under Equity Compensation Plans – Summary of Option Plan" below.

The Board does not issue Options according to a prescribed formula or target. Rather, it considers the individual's position, scope of responsibility, ability to affect profits and the individual's historic and recent performance and the value of the Options in relation to other elements of the executive's total compensation. The Board will take previous grants of Options into consideration when considering new grants of Options under the Option Plan.

### Non-Cash Compensation

In addition to the programs outlined above, our executive officers will be eligible to participate in our provided health and welfare benefits, paid vacation and other perquisites. We will review these benefits for competitiveness as we continue to grow.

### **Summary of Option Plan**

The following is a summary of the material terms of the Option Plan. Reference should be made to the full text of the Option Plan which will be made available by contacting the Company by telephone at 778-731-1062 or email at info@p2gold.com.

#### *Purpose*

The principal purpose of the stock option plan of the Company (the “**Option Plan**”) is to authorize the grant of options (“**Options**”) to purchase Common Shares to Eligible Persons (as defined below) and thus benefit the Company by enabling it to attract, retain and motivate Eligible Persons by providing such Eligible Persons with the opportunity to acquire, through Options, an increased proprietary interest in the Company.

#### *Eligibility*

Any senior officer, director, employee, management company employee, consultant, or investor relations person of the Company or its wholly-owned subsidiaries (each as described in the Option Plan and each, an “**Eligible Person**”) is eligible to receive Options under the Option Plan. The Board has full and final authority to determine the Eligible Persons who are granted Options under the Option Plan and the number of Common Shares subject to each Option.

#### *Common Shares Subject to Option Plan*

The maximum number of Common Shares which may be available for issuance under the Option Plan, together with any other security-based compensation plan of the Company (pre-existing or otherwise), will not exceed 10% of the total number of Common Shares issued and outstanding from time to time. The Option Plan is an “evergreen plan” and accordingly, any issuance of Common Shares from treasury, including the issuances of Common Shares in respect of which Options are exercised, and any expired or cancelled Options, shall automatically replenish the number of Common Shares issuable under the Option Plan.

The maximum number of Common Shares which may be issued or reserved for issuance to any one Person (as described in the Option Plan), and companies wholly-owned by that Person, under the Plan within any 12-month period shall not exceed 5% of the issued and outstanding Common Shares, calculated on the date an Option is granted to such Person.

#### *Limits with Respect to Insiders*

The maximum number of Common Shares which may be reserved for issuance to insiders (as a group)

under the Option Plan, together with any other of the Company's previously established and outstanding security-based compensation plans or grants, at any time, shall be 10% of the Common Shares issued and outstanding (on a non-diluted basis).

The maximum number of Options which may be granted to insiders (as a group) under the Option Plan, together with any other of the Company's previously established and outstanding security-based compensation plans or grants, within any 12-month period shall be 10% of the issued and outstanding Common Shares, calculated on the date an Option is granted to any insider (on a non-diluted basis).

#### *Limits with Respect to Consultants and Investor Relations Person*

The maximum number of Options which may be granted to any one consultant under the Option Plan, together with any other of the Company's previously established and outstanding security-based compensation plans or grants, within any 12-month period, must not exceed 2% of the issued and outstanding Common Shares, calculated at the date an Option is granted to such consultant (on a non-diluted basis).

The maximum number of Options which may be granted to all investor relations persons under the Option Plan, together with any other of the Company's previously established and outstanding security-based compensation plans or grants, within any 12-month period, must not exceed 2% of the issued and outstanding Common Shares, calculated on the date an Option is granted to any such investor relations person (on a non-diluted basis).

#### *Exercise of Options*

The exercise price of Options issued may not be less than the "market price" (as described in the Option Plan) of the Common Shares at the time the Option is granted. In addition, the exercise price will not be lower than as permitted by applicable TSXV policies (including in respect of Options issued within 90 days of a prospectus offering of the Company).

Subject to the provisions of the Option Plan and the particular Option, an Option may be exercised, in whole or in part, by delivering a written notice of exercise to the Company along with payment in cash or certified cheque for the full amount of the exercise price of the Common Shares then being purchased, subject to any tax adjustments in accordance with the Option Plan.

#### *Term and Expiry Date*

The period within which Options may be exercised and the number of Options which may be exercised in any such period are determined by the Board at the time of granting the Options provided, however, that the maximum term of any Options awarded under the Option Plan is 10 years.

#### *Vesting*

All Options granted pursuant to the Option Plan may vest and become exercisable at the discretion of the Board provided that if required by any stock exchange on which the Common Shares trade: (i) any Options granted at an exercise price calculated as an allowable discount to the applicable market price shall contain vesting restrictions as may be required by such stock exchange; and (ii) any Options granted to investor relations persons must vest in stages over not less than 12 months with no more than one-quarter of the aggregated number of Options vesting in any single three-month period.

### *Termination of Options*

An optionee who ceases to be an Eligible Person for any reason, other than as a result of having been dismissed for cause or as a result of the optionee's death, may exercise any vested and unexpired Options held by such optionee for a period of 90 days from the date of cessation (or until the normal expiry date of the Option rights of such optionee, if earlier), subject to extension by the Board to a maximum of one year with approval from the TSXV. An optionee who was engaged in providing investor relation activities may exercise any vested and unexpired Options held by such optionee for a period of 30 days from the date that the optionee ceased to provide such investor relations activities.

In the event of a death of the optionee during the currency of the optionee's Option, the Option theretofore granted to the optionee shall vest and be exercisable within, but only within, the period of one year next succeeding the optionee's death or until the normal expiry date of the Option rights of such optionee if earlier.

If an optionee ceases to be an Eligible Person as a result of having been dismissed for cause, all unexercised Options of that optionee under the Option Plans shall immediately become terminated and shall lapse.

### *Non-Assignability and Non-Transferability*

Options granted under the Option Plan will be non-assignable and non-transferable by an optionee other than pursuant to a will or by the laws of descent and distribution, and such Option shall be exercisable, during an optionee's lifetime, only by the optionee.

### *Adjustments in Common Shares Subject to Plan*

The Option Plan contains provisions for the treatment of Options in the event of a reorganization, stock split, stock dividend, combination of shares, merger, consolidation, rights offering or any other change in the corporate structure or Common Shares of the Company. The Options granted under the Option Plan may contain such provisions as the Board may determine with respect to adjustments to be made in the number and kind of Common Shares covered by such Options and in the exercise price in the event of such change.

### *Effect of Acceleration Event*

If at any time when an Option granted under this Plan remains unexercised with respect to any optioned Common Shares:

- (a) the Company seeks approval from its shareholders for a transaction which, if completed, would constitute an Acceleration Event; or
- (b) a third party makes a bona fide formal offer or proposal to the Company or its shareholders which, if accepted in whole or in part, would constitute an Acceleration Event;

the Company shall notify the optionee in writing of such transaction, offer or proposal as soon as practicable. The Board will have the sole discretion to amend, or otherwise eliminate any vesting schedule related to each optionee's Options so that notwithstanding the other terms of the Option Plan, such Option may be conditionally exercised in whole or in part by the optionee and the optioned Common

Shares may be conditionally issued to each such optionee so (and only so) as to permit the optionee to tender the Common Shares received in connection with the exercise of the Options pursuant to the offer.

In the event of an Acceleration Event, the vesting of all Options and the time for the fulfillment of any conditions or restrictions on such vesting events may be accelerated to the date and time immediately prior to the effective time of the Acceleration Event.

Further, the Board, in its sole discretion, may authorize and implement any one or more of the following additional courses of action in the event of an Acceleration Event:

- (a) terminating without any payment or other consideration, any Options not exercised or surrendered by the effective time of the Acceleration Event;
- (b) causing the Company to offer to acquire from each optionee his or her Options for a cash payment equal to the In-The-Money Amount (as described in the Option Plan), and any Options not so surrendered or exercised by the effective time of the Acceleration Event will be deemed to have expired; and
- (c) an Option granted under the Option Plan be exchanged for an Option to acquire, for the same aggregate consideration, that number and type of securities as would be distributed to the optionee in respect of the Common Shares issued to the optionee had he or she exercised the Option prior to the effective time of the Acceleration Event, provided that any such replacement Option must provide that it survives for a period of not less than one year from the effective time of the Acceleration Event, regardless of the continuing directorship, officership or employment of the optionee.

For greater certainty, and notwithstanding anything else to the contrary contained in the Option Plan, the Board shall have the power, in its sole discretion, in any Acceleration Event which may or has occurred, to make such arrangements as it shall deem appropriate for the exercise of outstanding Options including, without limitation, to modify the terms of the Option Plan and/or the Options as contemplated above. If the Board exercises such power, the Options shall be deemed to have been amended to permit the exercise thereof in whole or in part by the optionee at any time or from time to time as determined by the Board prior to or in conjunction with completion of the Acceleration Event.
